Officers'/Standing Committee News

President – Pam Booker

It was discussed at our February board meeting the issue of raising our local club dues by \$5.00 to \$55.00 to support our Operations Account. The money in the Operations account is funded solely by membership dues. The last dues' increase was in 2005 when raised from \$45.00 to \$50.00. We will discuss at the March meeting and take a vote at the April meeting.

1st Vice President – Polly Sheets

At the March meeting I will discuss the two awards that the club votes on which is the Friendship Award and the Inspiration Award. We will pass out slips for voting at the April meeting.

Club members, it is important for you to keep a record of ways you participate in club and community activities. It will be very helpful to attach a sheet of paper in your club notebook to list these things as you go through the year. If you do this, you'll be able to remember what you did when we ask for this information next November. For example:

Activity	Time Spent	Money Spent
Made cookies for Arts Festival	1 hour	\$4.00

This will really help our record keeping and reporting. Thanks so much.

Ways & Means – 2nd Vice President, Doris McGlothlin, Chair

A 'Garden Party' Fashion Show is scheduled for Saturday, March 6th at Windsor Point, 1pm to 3pm. Tickets will be \$10.00 and can be purchased at the show or from Doris McGlothlin, 557-9202 or Bev McDougall, 577-6510. The clothes from My Back Porch will be modeled by club women and Junioresettes. The club donated two baskets as raffle items. The member selling the most tickets will receive a 'mystery' prize – so keep track of how many you sell! Make sure you check your list on what food items you signed up to bring.

Education—Shirley Simmons, Dot Mays - Chairs

Our candidate for Sallie Southall Cotten gave an encouraging report of her interview at District. "It was a good experience for me and I thank the FV Woman's Club."

Our next project will be collecting applications for the FV Technical Scholarship from FVHS seniors. To be eligible a student must be enrolling in a community college in a two-year technical program. Funding was set up in a foundation by businessmen in town with the goal of bringing young people back to the community work force.

We donated \$25 to Faten through KIVA. Here are her details:

She lives in Lebanon

Faten is a 49-year-old married woman and the mother of two young children. She opened a tailoring business to help her husband with the family's income and to pay for her children's schooling. She has been involved in this occupation for the past thirty years. Her target, in addition to helping her husband, is to continue their children's education until they get to university and to provide a good life situation to them.

Today, Faten is requesting \$1,200 to buy additional textiles with different colors and qualities to present a variety of products to her clientele
